INTERNAL COMMUNICATION

New GLYSANTIN® G65™ for VW group

Dear All

We are currently in the launch phase for the supply of a new GLYSANTIN® engine coolant to the VW group. To begin with we will be supplying Audi, and expect the other members of the group to be phased in during 2018/9.

This engine coolant is the same technology PSi-OAT as GLYSANTIN® G64® green that we currently supply to Volvo. However, the product that we supply to Audi will be pink, and therefore to save confusion, especially in the aftermarket, the product for VW will be issued a new name.

GLYSANTIN® G65™ pink

Currently the ® symbol cannot be used because G65 is in the process of registration.
